

To Whom it May Concern:

18th October 2019

This letter serves to confirm that ActiveTrack (Pty) Ltd has recently engaged the services of SA Office Interiors to relocate us into our new offices.

The staff and management of SA Office Interiors has been an absolute pleasure to deal with. Their project management skills made the whole project effortless from end to end for the ActiveTrack management team. Our overarching concern with the project was our ability to move into our offices on time with zero staff down time, this was easily achieved by SA Office Interiors.

Since we have been in our new offices we have really begun to appreciate the quality of furniture and finishes supplied by SA Office Interiors. They have gone through a huge amount of effort to match our vision to what they finally delivered.

I can highly recommend working with the SA Office Interiors team and will definitely be using them on our future projects. We are happy to be given as a reference and if anyone should wish to confirm anything regarding our experience with SA Office Interiors they can contact me directly on 073 452 2987.

Regards,

Stephen Boulton
Key Account Manager
